BUSINESS SALE OPPORTUNITY

We are instructed to act on behalf of company which operates a dance school in the disposal of the business.

The opportunity has arisen due to the owner's change in circumstances requiring reduced activity and/or a move to a warmer climate within the next few years. The business was established in 2010 and has seen a healthy growth in its pupil numbers since then with capacity for further growth for the successful purchaser. The main feature of the business include:

- An established customer base
- Outstanding reputation
- Supplier exclusivity
- Relationship with local theatre
- Further growth potential
- Strong SEO optimisation and Facebook following
- On site retail unit demonstrating highly profitable margins

We believe this represents an extremely attractive proposition which would appeal to both new investors into the market and established businesses within the sector looking for an addition to their business.
