ABOUT 360

Created to help businesses today face 21st century challenges and opportunities, 360 Chartered Accountants go beyond the number crunching to provide business owners with the support and services they need to succeed.

Fresh thinking and award winning, we use the latest technology to give our clients more than just historical financial information. We work closely, in partnership with our clients and offer real time financial information to help them make timely, strategic decisions and predict future cash flows. Because we've walked in your shoes, grown and developed our business in challenging times, we know, first-hand the steps you need to take to succeed.

360 specialises in the provision of accounting, taxation and business development services to a variety of individuals, start-up businesses and corporates.

We have offices in Hull and Withernsea but operate across the UK.

360 SERVICES

TAX

SELF ASSESSMENT

What can be a complicated process, especially since HMRC are constantly introducing new rules and regulations, is made simple thanks to our well-tuned systems and expert team.

VAT

VAT is one of the more complex UK taxes and often, even what appears to be a straightforward VAT question can open a can of worms. We can give you the advice and service tailored to your specific needs.

TAX PLANNING

At 360 we pride ourselves on giving clear, timely, understandable tax planning advice to our clients whether they be corporates, individuals or start-up businesses.

ACCOUNTS

BOOKKEEPING

Our flexible approach to bookkeeping guarantees that we can tailor our services to meet the needs of your business, allowing you the head space to concentrate on running your business.

YEAR END ACCOUNTS

Take away the stress and overwhelm by having your year end accounts dealt with by our expert team. No hidden costs as we will agree the amount of verification work that is to be carried out on the books and records before commencing the engagement.

MANAGEMENT ACCOUNTS

Put your mind at rest with our system audits that will identify if any areas of your business are at risk of fraud and put forward recommendations of how to reduce or remove these risks from your business.

Our management information is reliable, timely and understandable and will provide you with the information needed to make quick strategic decisions.

FRESH THINKING, AWARD WINNING, FORWARD-LOOKING CHARTERED ACCOUNTANTS

“ We’ve been using 360 since they set-up over 10 years ago. We outsource pretty much all of our finance function to them (bookkeeping, payroll, pensions etc) which enables me and my team to focus on running a business and doing what we enjoy and are good at. ”

Robert Power
Graphic Power Ltd

“ I can’t thank 360 enough for what they have done for us and for helping us along every step of the minefield that is accounts. This has left me more time to work on my own business and expand into new larger premises. ”

Caton Airey
Director, PCSCUK Ltd

BUSINESS ADVICE

BUSINESS SALE AND ACQUISITION SERVICES

Ensuring that the maximum value is achieved for your life's work is a key component of any business. We can help you achieve the maximum price for your business and also help you prepare it for sale.

Our experienced team can help assist you with due diligence, necessary when acquiring or merging with business services.

STARTUPS

Most accountants will claim to be experts in helping start-ups but, before engaging one to help you start and grow your business, you should ask them one simple question 'when did you last launch a successful business?' Partner with a team that has been there and bought the T-shirt.

5FOUR PAYROLL

5four Payroll allows employers to forget about the red tape involved in employing staff and enables them to concentrate on running and growing their business.

COMPANY SECRETARIAL

The amount of paperwork to be completed can take up valuable time. 360 has the necessary resources to complete this burden on your behalf in a timely and professional manner.

COMPANY INCORPORATION

These days, many people are tempted to form companies on-line themselves, but if this is done incorrectly it can be an expensive exercise to rectify. 360 has the experience and software to form companies efficiently and correctly, invest now to remove the headache further down the line.

RAISING FINANCE

We're seeing an increasing number of clients asking us to assist with raising finance to fund increased production, expansions or acquisitions. Our corporate finance department will identify all of the options for you and connect you with the trusted organisations.

EXIT AND SUCCESSION PLANNING

Every business story at some point has an end – establishing what the end looks like is one of the key aspects of business planning. We at 360 are working with clients to look at formulating strategies designed to ensure that this part of the journey is focussed and has every chance of success. From outright disposal to a generational handover and everything in between, we will be with you every step of the way, in what is traditionally an overlooked aspect of business and which has become a challenging area for most trading entities.

BUSINESS ADVICE

MANAGEMENT CONSULTANCY

One of the areas of our work we enjoy the most is helping our clients identify the issues that are holding their business back and then helping them drive the business forward. We've walked in your shoes, grown and developed our business in challenging times, we know, first-hand the steps you need to take to succeed.

VALUATIONS

Valuing a business can be a challenge, when it is an SME with no obvious marketplace for its shares. There are also numerous methods for valuing a business, each of which will often result in huge fluctuations in value. Trust us to help you find the right options for your business.

BUSINESS PLANNING

Whether you are a start-up or a long-established business it is essential to have a realistic, working business plan. A business plan is a written document that describes a business, its objectives, its strategies, the market it is in and its financial forecasts. We're the experts, let us work with you to create the right plan for your business.

CREDIT CONTROL

Credit control is one of the key functions in any business and an efficient, robust credit control system will always have a positive effect. Our expert team can help improve your credit control systems through training, credit checking and much more.

GRANTS / GRANT CLAIMS

360 can help you identify potential grants, connect you with the right organisations and assist with your application process. There are limited opportunities for grant funding but if you work with us, you will be more likely to achieve the support that you need to grow your business.

FEE PROTECTION SERVICE

Investing a small amount into our expert protection service now means that you will receive complete support if HMRC target your business for an enquiry, with no additional cost. We will manage your case from start to finish, reducing stress and providing peace of mind. It's important to be prepared.

FRESH THINKING, AWARD WINNING, FORWARD-LOOKING CHARTERED ACCOUNTANTS

“ Having used the services of 360 for many, many years I can highly recommend them. 360 is a shining example of how a business treats its customers and local community. In challenging times, 360 always go the extra mile. ”

OUR SPECIALISMS

TAILORED SOLUTIONS

TECHNOLOGY COMPANIES

Choose 360 Chartered Accountants and you'll get the support of a dedicated, specialist team with extensive tech industry experience.

We understand the fast-changing nature of the technology sector and the need to be flexible and responsive in a competitive environment.

With our own state-of-the-art IT infrastructure, we're fully geared up to integrate with your business systems, optimising your financial record keeping for the benefit of your business.

MARKETING AGENCIES

Let us handle the numbers, so you don't have to. Get professional accountancy support tailored to meet the unique needs of the creative sector. Whether you're a sole trader, design start-up or an established agency, we're here to help your business make the right financial decisions.

R&D TAX CREDITS

Are you claiming your R&D tax reliefs?

Well, if you are, you are certainly in the minority. It has been estimated that, of the 150,000 to 200,000 companies which are eligible for these reliefs, only 20,000 actually do claim. That's just 10% – 13%!

HMRC have recently been positively encouraging businesses to make claims for R&D activities and have introduced a scheme for companies to apply for advanced approval.

CHARITIES

In the heavily regulated charity sector, it's vital to have the right accountancy support from a team you can trust. We provide a full range of accountancy services designed to ensure that you stay compliant, whilst making the most out of funds and fundraising efforts.

PROPERTIES & LANDLORDS

The taxation of profits from land and property has become increasingly complex in recent years. The question as to whether to incorporate your portfolio is one that we are often asked. Obtaining the correct answers for your circumstances can be crucial so talk to us to ensure that you're receiving the best advice possible.

FINANCIAL PLANNING

Your business and personal financial decisions may be more closely connected than you realise, and therefore not having a plan in place means that you are risking both your business and personal security for the future. Talk to us about your financial planning for the future.

360 WEALTH MANAGEMENT

360 Wealth Management offers bespoke and esteemed financial services, tailored to meet the needs of any individual or company. The 360 brand owes its success to developing and maintaining long term relationships, as well as having our clients at the heart of everything we do, an ethos that will remain at the forefront of 360 Wealth Management.

Because of our years of accounting experience, we can consider the impact on your personal and corporate financial portfolio when making business decisions, as well as understanding the implications of investments and financial assets. Our service includes exclusive, accurate and personalised advice from experts whose sole objective is to make sure your money is invested wisely, and your spending power is protected for the future.

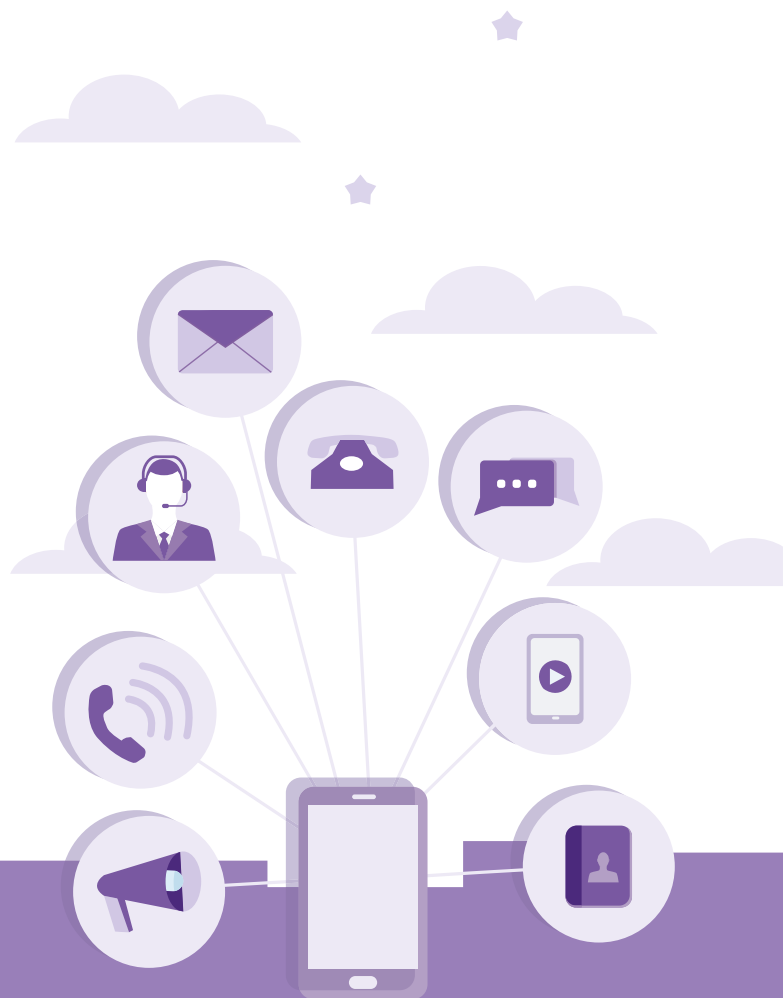

OUR COMMITMENT

HERE FOR YOU

HOW WE'RE COMMITTED TO SUPPORTING YOU DURING THE COVID-19 CRISIS
